TLIW2037 Clip and secure points

TLIW2037 Clip and secure points

Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Application

This unit involves the skills and knowledge required to clip and unclip points in accordance with safeworking and workplace requirements.

It includes applying network owner procedures and protocols for clipping points within the rail network to protect a worksite or to confirm a route prior to moving a rail vehicle over points. It also includes unclipping points after activities are completed.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Not applicable.

Competency Field

W – Equipment and Systems Operations

Unit Sector

Not applicable.
