Assessment Requirements for TLIX0001 Determine tariff classification of goods

Release: 2

Assessment Requirements for TLIX0001 Determine tariff classification of goods

Modification History

Release 2. This is the second release of this unit of competency in the TLI Transport and Logistics Training Package:

- Minor grammatical changes and reordering in Knowledge Evidence
- Minor statement changes in Assessment Conditions.

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and include:

- analysing information
- anticipating areas of potential dispute
- applying customs tariff classifications to a range of goods
- applying information to guide classification practices
- consulting with clients
- examining and interpreting legal notes and understanding their application
- identifying sources of information
- interpreting information
- justifying decisions made
- making decisions.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- how to correctly determine the identification of commodities for tariff classification purposes
- use and application of:
 - Australian Working Tariff
 - customs policy and precedents
 - Harmonised System Explanatory Notes (HSEN)
 - Interpretive Rules (IRs)
 - relevant case law
 - use of legal notes, including section and chapter notes
- use and application of relevant legislation and regulations including:

- Australian Harmonised Export Classification Book
- Customs Tariff Act and its Schedules
- other customs and related legislation
- other legislation related to importing and exporting goods
- World Customs Organization (WCO) and Harmonized Commodity Description and Coding System for import and export activities.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include:

- a range of relevant exercises, case studies and/or simulations
- relevant materials, tools, equipment and personal protective equipment (PPE) currently used in industry
- applicable documentation including workplace procedures, regulations, codes of practice and operation manuals.
