Determine tariff classification of goods**

**Release: 1**

# Assessment Requirements for TLIX0036 Determine tariff classification of goods

## Modification History

**Release 1.** This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

## Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria on at least one occasion and include:

- applying information to guide tariff classification
- applying the General Rules of Interpretation (IR) and legal notes
- determining the correct customs tariff classification for goods across the tariff
- justifying decisions made for tariff classification.

## Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria and include knowledge of:

- identification of commodities for tariff classification purposes
- legislation and regulations including:
  - Australian Export Tariff
  - Customs Tariff Act and Schedules 2 and 3 to the Act
  - other customs and related legislation
- use and application of:
  - Australian Working Tariff
  - customs policy and precedents
  - General Rules of Interpretation (IRs)
  - Harmonised System Explanatory Notes (HSEN)
  - relevant case law
  - use of legal notes, including section and chapter notes.

## Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the

time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or simulations
- applicable documentation including IRs, regulations and codes of practice.
