TLIX4028 Apply knowledge of logistics

Modification History

Release 2. This is the second release of this unit of competency in the TLI Transport and Logistics Training Package.

- Updated wording to Application and Assessment Conditions.

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Application

This unit involves the skills and knowledge required to apply knowledge of logistics.

It includes accessing and interpreting relevant logistics information and applying this information in the workplace.

This unit applies to emerging logistics specialists who need an understanding of the functions and activities of the wider organisation but is applicable to any individual in this field of work.

The application of this knowledge is required by people who are not currently specialists in the field but need the knowledge to inform their decision making.

Typically these individuals must demonstrate the ability to work independently or as part of a team under direct and/or indirect supervision, use discretion and judgement, and take responsibility for the quality of their outputs.

No licensing, legislative or certification requirements apply to this unit at the time of publication.
