TLIX5054 Comply with biosecurity border clearance

Release: 1

TLIX5054 Comply with biosecurity border clearance

Modification History

Release 1. This is the first release of this unit of competency in the TLI Transport and Logistics Training Package.

Application

This unit involves the skills and knowledge required to assess documentation for compliance with biosecurity border clearance in accordance with legislation, regulatory requirements and workplace requirements.

This unit applies to individuals assessing documentation for compliance with biosecurity border clearance. Work is undertaken in a range of environments including small to large worksites in the custom broking and international freight forwarding industries.

No licensing, legislative or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Not applicable.

Competency Field

X – Logistics

Unit Sector

Not applicable.
