

TLIA1007C Coordinate goods to bond premises

Release: 1

TLIA1007C Coordinate goods to bond premises

Modification History

Not applicable.

Unit Descriptor

This unit involves the skills and knowledge required to coordinate goods to bond premises in accordance with regulatory and workplace requirements including identifying and listing goods for bonding, arranging transfer of goods to bond store, and preparing and issuing bond lists.

Application of the Unit

Work must be carried out in compliance with the relevant regulations and workplace requirements concerning coordination of goods to bond premises.

Work is performed under some supervision generally within a team environment. It involves the application of workplace procedures and regulatory requirements to the coordination of goods to bond premises as part of work activities in the warehousing, distribution and/or storage industries.

Licensing/Regulatory Information

Not applicable.

Pre-Requisites

Not applicable.

Employability Skills Information

The required outcomes described in this unit of competency contain applicable facets of Employability Skills. The Employability Skills Summary of the qualification in which this competency is packaged will assist in identifying employability skill requirements.

Elements and Performance Criteria Pre-Content

Elements describe the essential outcomes of a unit of competency.

Performance criteria describe the required performance needed to demonstrate achievement of the element. Assessment of performance is to be consistent with the evidence guide.

Approved Page 2 of 10

Elements and Performance Criteria

Elements and Performance Criteria

1 Identify and list goods for bonding

Element

Performance Criteria

- 1.1 Goods are listed for bonding when not delivered or collected on completion of agreed storage period
- 1.2 Prior to listing for bonding, inspection is arranged with the Australian Customs Service for goods identified as surplus
- 1.3 Goods left after time advertised for collection are listed for bonding in accordance with workplace policy and Australian Customs Service requirements
- 2 Arrange transfer of goods to bond store
- 2.1 Arrangements for the transfer of goods to bond store are made in accordance with regulatory requirements and workplace procedures
- 2.2 Carrier is notified of storage or yard location, marks and quantity
- 3 Prepare and issue bond list
- 3.1 Bond list is prepared in accordance with workplace requirements and Australian Customs Service regulations
- 3.2 Bond list, endorsed with the relevant information, is issued to carrier

Evidence Guide

The evidence guide provides advice on assessment and must be read in conjunction with the performance criteria, required knowledge and skills, the range statement and the assessment guidelines for this Training Package.

Critical aspects for assessment and evidence required to demonstrate competency in this unit The evidence required to demonstrate competency in this unit must be relevant to and satisfy all of the requirements of the elements and performance criteria of this unit and include demonstration of applying: the underpinning knowledge and skills

relevant legislation and workplace procedures

other relevant aspects of the range statement

Context of and specific resources for assessment

Performance is demonstrated consistently over a period of time and in a suitable range of contexts

Resources for assessment include:

a range of relevant exercises, case studies and other simulated practical and knowledge assessment, and/or

access to an appropriate range of relevant operational situations in the workplace

In both real and simulated environments, access is required to:

relevant and appropriate materials and/or equipment, and/or

applicable documentation including workplace procedures, regulations, codes of practice and operation manuals

Method of assessment

Assessment of this unit must be undertaken by a registered training organisation

As a minimum, assessment of knowledge must be conducted through appropriate written/oral tests

Practical assessment must occur:

through appropriately simulated activities at

Approved Page 6 of 10

the registered training organisation, and/or in an appropriate range of situations in the workplace

Range Statement

RANGE STATEMENT

The range statement relates to the unit of competency as a whole. It allows for different work environments and situations that may affect performance.

Work may be conducted: in a range of work environments

by day or night

Customers may be: internal or external

Workplaces may comprise: large, medium or small worksites

Work may be conducted in: limited or restricted spaces

exposed conditions

controlled or open environments

Hazards in the work area may include

exposure to:

chemicals

dangerous or hazardous substances

movements of equipment, goods and

materials

Consultative processes may involve: other employees and supervisors

suppliers, customers and clients

bond store representatives

relevant authorities and institutions

management and union representatives

industrial relations and OH&S specialists

other maintenance, professional or technical

staff

Communication in the work area may

include:

phone

electronic data interchange (EDI)

fax

email internet

radio

oral, aural or signed communications

Depending on the type of organisation concerned and the local terminology used, company procedures

Approved Page 8 of 10

workplace procedures may include: enterprise procedures

organisational procedures established procedures

Personal protective equipment may include: gloves

safety headwear and footwear
