Target Group

Target group

This is a skill set used in the role of Protection Officer within the general rail infrastructure environment. It can also be used by anyone required to control rail traffic through a worksite.

Suggested words for Statement of Attainment

Suggested words for Statement of Attainment

These competencies from the TLI10 Transport and Logistics Training Package meet the needs of protection officer duties. The competencies are drawn from a nationally endorsed Training Package, and provide the skills and knowledge for a person working as a protection officer operating within the general rail infrastructure environment.
