## Target Group

### Target group

This is a skill set providing basic induction into the international freight forwarding environment. It is intended for use by entry-level employees or those who will be carrying out basic activities within international freight forwarding.

## Suggested words for Statement of Attainment

### Suggested words for Statement of Attainment

These competencies from the TLI10 Transport and Logistics Training Package meet the needs of international freight forwarding entry-level employees. The competencies are drawn from a nationally endorsed Training Package, and provide the skills and knowledge for a person commencing work within the international freight forwarding environment.
