# **TLISS00056 Travel Track Vehicle Under Block Working Conditions Skill Set**

**Release 3**

# **TLISS00056 Travel Track Vehicle Under Block Working Conditions Skill Set**

## **Modification History**

Release 3

This is the third release of this skill set in TLI10 Transport and Logistics Training Package Version 3.0.

Units revised. Equivalent to previous version of the skill set.

## **Description**

This skill set targets anyone required to access rail track to travel a track vehicle under block working conditions as part of their job role. It is not aligned to any specific qualification and while it can be achieved separately it is intended for use by track vehicle operators.

## **Pathways Information**

## **Licensing/Regulatory Information**

Readers should ensure that they have also read the part of the Training Package that outlines licensing and regulatory requirements.

## Skill Set Requirements

A total of **2 units** of competency must be completed.

Unit/s	
<b>TLIF2080C</b>	<b>Safely access the rail corridor</b>
<b>TLIC0084A</b>	<b>Access rail track to travel track vehicles under manual block working conditions</b>

## Target Group

This is a skill set used in the role of track vehicle operator working specifically under block working conditions within the general rail infrastructure environment.

## Suggested words for Statement of Attainment

These competencies from the TLI10 Transport and Logistics Training Package (Version 3) meet the needs of track vehicle operation duties. The competencies are drawn from a nationally endorsed Training Package, and provide the skills and knowledge for a person working as a track vehicle operator within the general rail infrastructure environment.
