TLISS00063 Move Rolling Stock Within Defined Limits Skill Set

Release 1

TLISS00063 Move Rolling Stock Within Defined Limits Skill Set

Modification History

Release 1 - This is the first release of this skill set in TLI10 Transport and Logistics Training Package Version 3.0.

Description

This skill set targets anyone required to move rolling stock within defined limits. This would occur within a rail yard, private siding or maintenance operation.

Pathways Information

Not applicable.

Licensing/Regulatory Information

Readers should ensure that they have also read the part of the Training Package that outlines licensing and regulatory requirements.

Skill Set Requirements

A total of **4 units** of competency must be attained.

Unit/s
TLIB0128A Conduct pre-movement checks on motive power units
TLIB0132A Start up and shut down a single locomotive
TLIB3129A Conduct pre-movement checks on rolling stock
TLIC0079A Operate a motive power unit within defined limits

Target Group

This is a skill set covering the rail safety worker requirements for people to safely move rolling stock within defined limits.

Suggested words for Statement of Attainment

These competencies from the TLI10 Transport and Logistics Training Package Version 3.0 meet the needs of the rail industry. The competencies are drawn from a nationally endorsed Training Package and provide the skills and knowledge for a person within the rail environment required to carry out rail safety activities including moving rolling stock within a rail yard, terminus or private siding.
