UEESS00139 Data Communications - Restricted Telecommunications Cabler Registration - ACMA Skill Set

Release: 1

UEESS00139 Data Communications - Restricted Telecommunications Cabler Registration - ACMA Skill Set

Modification History

Release 1: This is the first release of this Skill Set in the UEE Electrotechnology Training Package.

This Skill Set replaces and is equivalent to UEESS00054 Data Communications - Restricted Telecommunications Cabler Registration - ACMA.

June 2025: Skill set requirements appended to description as a change without release to preserve content in migration to new training package authoring system.

Description

This Skill Set is for persons who are required to undertake restricted telecommunications cabler registration.

Detailed Skill Set Requirements

The following **units** of competency must be attained.

UEECD0019	Fabricate, assemble and dismantle utilities industry components
UEECD0020	Fix and secure electrotechnology equipment
UEECD0051	Use drawings, diagrams, schedules, standards, codes and specifications
UEEDV0003	Install and connect cabling for direct access to telecommunications service and
UEECD0043	Solve problems in direct current circuits
or	
UEECD0044	Solve problems in multiple path circuits
UEECD0046	Solve problems in single path circuits

Pathways Information

The units of competency in this Skill Set will contribute to the completion of relevant Certificate

II, Certificate III and Certificate IV, qualifications from the UEE Electrotechnology Training Package.

Entry Requirements

It is essential that persons undertaking this Skill Set already hold the unit:

- UEECD0042 Solve problems in ELV single path circuits

Licensing/Regulatory Information

Not applicable.

Skill Set Requirements

The following **units** of competency must be attained.

UEECD0019	Fabricate, assemble and dismantle utilities industry components
UEECD0020	Fix and secure electrotechnology equipment
UEECD0051	Use drawings, diagrams, schedules, standards, codes and specifications
UEEDV0003	Install and connect cabling for direct access to telecommunications service and
UEECD0043	Solve problems in direct current circuits
or	
UEECD0044	Solve problems in multiple path circuits
UEECD0046	Solve problems in single path circuits

Target Group

This Skill Set meets the minimum Australian Communications and Media Authority (ACMA) 'prescribed level of knowledge and skill that safeguards matters of health, safety, network integrity and addresses matters of interoperability where customer equipment and standard telephone service are involved' for ACMA 'Restricted' Cabling Provider Registration.

Suggested words for Statement of Attainment

This Skill Set from the UEE Electrotechnology Training Package meets the industry requirements for restricted telecommunications cabler registration - ACMA.

Custom Content Section

Not applicable.
