Assessment of Commercial Facilities Skill  
Set**

**Release 1**

# UEESS00161 Sustainable - Energy Assessment of Commercial Facilities Skill Set

## Modification History

Release 1: This is the first release of this Skill Set in the UEE Electrotechnology Training Package.

This Skill Set replaces and is equivalent to UEESS00102 Sustainable - Energy assessment of commercial facilities.

## Description

This Skill Set is for persons who are required to undertake an energy assessment of commercial facilities.

## Pathways Information

The units of competency in this Skill Set can contribute to the completion of relevant Certificate IV, Diploma and Advanced Diploma qualifications from the UEE Electrotechnology Training Package.

## Licensing/Regulatory Information

It is essential that persons undertaking this Skill Set already hold a current Unrestricted Electrical Licence issued in an Australian state or territory.

## Skill Set Requirements

A total of **3 units** of competency must be attained.

|           |   |
|-----------|---|
| UEERE0003 | Assess energy loads and uses for energy efficiency in commercial facilities                   |
| UEERE0005 | Assess energy loads and uses for energy efficiency in residential, office and retail premises |
| UEERE0014 | Develop strategies to address sustainability issues for electrical installations              |

## Target Group

This Skill Set is intended for persons who are required to undertake an energy assessment of

commercial facilities.

## **Suggested words for Statement of Attainment**

This Skill Set from the UEE Electrotechnology Training Package meets the industry requirements for energy assessment of commercial facilities.

## **Custom Content Section**

Not applicable.
