UEESS00173 Attachment of Cords/Cables and Plugs to Low Voltage Three Phase Electrical Equipment Skill Set

Modification History

Release 1: This is the first release of this Skill Set in the UEE Electrotechnology Training Package.

This Skill Set replaces and is equivalent to UEESS00092 Restricted - Attachment of cords/cables and plugs to low voltage three phase electrical equipment.

Description

This Skill Set is designed for persons wishing to attach flexible cords/cables and plugs for voltages operating up to 1,000 volt (V) alternating current (a.c.). These competencies are in addition to competencies already gained in the relevant field to which the electrical work is incidental or a primary and regular function of the work.

Pathways Information

The units of competency in this Skill Set will contribute to the completion of relevant Certificate II, Certificate III and Certificate IV qualifications from the UEE Electrotechnology Training Package.

Licensing/Regulatory Information

Not applicable.

Skill Set Requirements

A total of **3 units** of competency must be attained.

UEECD0007	Apply work health and safety regulations, codes and practices in the workplace
UEERL0001	Attach cords and plugs to electrical equipment for connection to a single phase 230 Volt supply
UEERL0002	Attach cords, cables and plugs to electrical equipment for connection to 1000 V a.c. or 1500 V d.c.

Target Group

The units of competency in this Skill Set are for persons holding a relevant electrotechnology qualification at a Certificate II or higher and the work is incidental or a primary and regular function of work related to a principle work function.

Suggested words for Statement of Attainment

This Skill Set from the UEE Electrotechnology Training Package meets the industry requirements for restricted electrical licence - attachment of cords/cables and plugs to low voltage three phase electrical equipment.
