Assessment Requirements for UEPOPS125

Perform tool store duties

Release: 1

Assessment Requirements for UEPOPS125 Perform tool store duties

Modification History

Release 1. This is the first release of this unit of competency in the UEP Electricity Supply Industry – Generation Sector Training Package Release 2.0.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all the requirements of the elements and performance criteria on at least two separate occasions and include:

- applying regulations, legislative requirements, codes of practice, manufacturers' recommendations and specifications, and environmental requirements
- applying work health and safety (WHS)/occupational health and safety (OHS) regulations, including:
 - emergency procedures
 - risk control measures
 - safe working practices
- communicating with personnel
- completing tool store duties
- interpreting manuals
- issuing and maintaining tools, consumable items and associated equipment
- maintaining tool stores documentation and records
- preparing and planning tool store work
- using tool ordering procedures.

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all the requirements of the elements and performance criteria and include knowledge of:

- consumable items and tool storage
- documenting and reporting tool store inventory
- maintenance requirements
- ordering and maintaining tool store procedures
- regulations, legislative requirements, codes of practice, manufacturers' recommendations and specifications, and environmental requirements
- tool attachments and accessories
- tool names, types and uses
- WHS/OHS requirements, including:

- emergency procedures
- risk control measures
- safe working practices
- workplace policies and procedures
- workplace documentation.

Assessment Conditions

Assessors must hold credentials specified within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must satisfy the Principles of Assessment and Rules of Evidence and all regulatory requirements included within the Standards for Registered Training Organisations current at the time of assessment.

Assessment must occur in workplace operational situations where it is appropriate to do so; where this is not appropriate, assessment must occur in simulated workplace operational situations that replicate workplace conditions.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or other simulations
- relevant and appropriate materials, tools, equipment and personal protective equipment (PPE) currently used in industry
- applicable documentation, including workplace procedures, equipment specifications, regulations, codes of practice and operation manuals.
