Assessment Requirements for UEPOPS364 Ensure compliance with Work, Health and Safety policy and procedures

Release: 1

Assessment Requirements for UEPOPS364 Ensure compliance with Work, Health and Safety policy and procedures

Modification History

Release 1. This is the first release of this unit of competency in the UEP Generation Training Package.

Performance Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all the requirements of the elements, performance criteria and range of conditions on at least two separate occasions and includes:

- applying Work, Health and Safety (WHS)/Occupational Health and Safety (OHS) requirements including:
  - controlling risks
  - emergency procedures and techniques
  - recognising potential hazards
  - safe working practices
- communicating effectively with personnel and stakeholders
- confirming WHS/OHS compliance
- contributing to WHS/OHS in the workplace
- identifying WHS/OHS policies and procedures
- maintaining WHS/OHS records
- reporting of WHS/OHS issues

Knowledge Evidence

Evidence required to demonstrate competence in this unit must be relevant to and satisfy all the requirements of the elements, performance criteria and range of conditions and includes knowledge of:

- communication of WHS/OHS requirements
- report obligations for WHS/OHS issues
- WHS/OHS legislated requirements including:
  - recognising potential hazards
  - controlling of risks
  - emergency procedures and techniques
  - safe working practices
- workplace documentation
- workplace policies and procedures

Assessment Conditions

As a minimum, assessors must satisfy applicable regulatory requirements, which include requirements in the Standards for Registered Training Organisations current at the time of assessment.

As a minimum, assessment must satisfy applicable regulatory requirements, which include requirements in the Standards for Registered Training Organisations current at the time of assessment.

Assessment processes and techniques must be appropriate to the language, literacy and numeracy requirements of the work being performed and the needs of the candidate.

Assessment must occur in workplace operational situations. Where this is not appropriate, assessment must occur in simulated workplace operational situations that reflect workplace conditions.

Resources for assessment must include access to:

- a range of relevant exercises, case studies and/or other simulations
- relevant and appropriate materials, tools, equipment and personal protective equipment currently used in industry
- applicable documentation including workplace procedures, industry standards, equipment specifications, regulations, codes of practice and operation manuals.
