Assessment Requirements for ACMACR409 Prepare and present animal control and regulation case

Release: 1

Assessment Requirements for ACMACR409 Prepare and present animal control and regulation case

Modification History

Release	Comments
Release 1	This version released with ACM Animal Care and Management Training Package Version 1.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has prepared and presented at least one animal control and regulation case including:

- recorded interviews and statements from witnesses, suspects, informants and complainants
- gathered information on the case and identified admissible evidence
- communicated effectively with interviewees using active listening and questioning techniques
- followed the rules of evidence and protocols relevant to the case
- maintained accurate records according to organisational policies and procedures.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- legislative and organisational requirements for the conduct of interviews, including the use of electronic recording equipment
- legislative and organisational requirements for the documentation of interviews, information and evidence
- court, tribunal and commission procedures, protocols and processes
- the difference between admissible and non-admissible evidence
- the difference between common law, judicial precedent and legislation.

Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:

- skills must be demonstrated in a workplace setting or an environment that accurately represents workplace conditions.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
