## Assessment Requirements for ACMCAN310 Assist with exhibit design and renovation planning

### Modification History

| Release   | Comments                                                                                |
|-----------|-----------------------------------------------------------------------------------------|
| Release 1 | This version released with ACM Animal Care and Management Training Package Version 1.0. |

### Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has assisted with exhibit design and renovation planning on a minimum of three occasions, including:

- assessed current exhibit status and submitted upgrade recommendations
- contributed to concept briefs for new or renovated exhibits.

### Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- principles and practices of animal exhibit design and renovation planning
- animal biology and husbandry requirements relevant to enclosures and exhibits
- educational and interpretive functions of enclosures
- environmental enrichment related to exhibit species
- principles of enclosure landscaping and horticulture, including basic working knowledge of exhibit plants and weeds
- principles and protocols for enclosure or exhibit design, including aesthetics, function and effects of introduced fixtures and features
- principles of animal welfare and ethics
- principles of naturalistic landscaping for enclosures and exhibits
- relevant federal and state or territory legislation and codes of practice and facility policies and procedures, including WHS, animal welfare, ethics, hygiene standards and other industry guidelines
- security control principles
- specialist enclosures for different animals.

## Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
  - a workplace or an environment that accurately reflects a real workplace setting
- resources, equipment and materials:
  - a range of animals and enclosures
  - equipment and resources appropriate to work undertaken in a captive animal facility
- specifications:
  - access to organisational policies and procedures
  - current WHS legislation and regulations and relevant state/territory animal welfare regulations.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
