ACMCAN310 Assist with exhibit design and renovation planning

Release: 1

ACMCAN310 Assist with exhibit design and renovation planning

Modification History

Release	Comments
Release 1	This version released with ACM Animal Care and Management Training Package Version 1.0.

Application

This unit of competency describes the skills and knowledge required to contribute to exhibit design and renovation planning.

This unit applies to wildlife animal keepers or carers who work in a captive animal facility, under the direction of a more experienced staff member.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

NOTE: The terms 'occupational health and safety' (OHS) and 'work health and safety' (WHS) generally have the same meaning in the workplace. In jurisdictions where the national model WHS legislation has not been implemented, RTOs must contextualise the unit of competency by referring to current OHS legislative requirements.

Pre-requisite Unit

Nil

Unit Sector

Captive Animals (CAN)

Elements and Performance Criteria

Element	Performance criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Assess exhibit status	1.1 Review exhibit security for animals, staff and the public according to WHS, animal welfare and ethics 1.2 Evaluate animal welfare in relation to exhibit structure and furnishings 1.3 Review exhibit aesthetics and access from the perspective of
