ACMFAR306 Maintain, repair and manufacture hand tools used in farriery

Release: 1

ACMFAR306 Maintain, repair and manufacture hand tools used in farriery

Modification History

Release	Comments
Release 1	This version released with ACM Animal Care and Management Training Package Version 1.0.

Application

This unit of competency describes the skills and knowledge required to maintain, repair and make a variety of tools used in standard farriery workplaces.

The unit applies to individuals who use specialised knowledge and technical skills to perform farriery services across different equine industry sectors.

No occupational licensing, legislative, regulatory or certification requirements apply to this unit at the time of publication.

Pre-requisite Unit

Nil

Unit Sector

Farriery (FAR)

Elements and Performance Criteria

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
1. Identify tools requiring repair, replacement or manufacture	1.1 Identify unsafe, faulty or unsuitable hand tools and mark them for repair, replacement or manufacture 1.2 Determine specifications for those hand tools to be maintained, repaired or made 1.3 Confirm work instructions or seek advice from appropriate personnel

Elements	Performance Criteria
<i>Elements describe the essential outcomes.</i>	<i>Performance criteria describe the performance needed to demonstrate achievement of the element.</i>
2. Maintain, repair or make hand tools used in farriery	2.1 Make or repair hand tools according to workplace practices 2.2 Temper or harden tools that are newly made or repaired 2.3 Use appropriate quenching agents 2.4 Check finished tool against specifications and quality requirements
3. Store hand tools	3.1 Store repaired or newly made hand tools 3.2 Dispose of waste material safely according to workplace procedures

Foundation Skills

This section describes those language, literacy, numeracy and employment skills that are essential for performance in this unit of competency but are not explicit in the performance criteria.

Skill	Description
Reading	Interpret instructions and diagrams to determine hand tool specifications and requirements
Writing	Record tool maintenance and repairs and new tools manufactured in workplace register, inventory or other documentation
Numeracy	Use measuring devices and take measurements accurately
Navigate the world of work	Take responsibility for adherence to workplace and safety requirements relating to own role and work area
Get the work done	- Plan, sequence and prioritise tasks and assemble equipment to maintain, repair or make hand tools used in farriery - Monitor safety and risk factors while carrying out work
