Application

This unit of competency describes the skills and knowledge required to prepare, present and distribute food and water for animals under supervision and according to animal dietary requirements.

This unit is applicable to new entrants to the animal care and management industry. Animal care may occur in a wide variety of workplaces, including retail pet stores, kennels and catteries, shelters, veterinary practices, zoos, animal research facilities and others.

This unit applies to individuals who work under general supervision and exercise limited autonomy with some accountability for their own work. They undertake defined activities and work in a structured context.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.
