Assessment Requirements for ACMGEN101 Explore job opportunities in animal care and related industries

Release: 1

Assessment Requirements for ACMGEN101 Explore job opportunities in animal care and related industries

Modification History

Release	Comments
Release 1	This version released with ACM Animal Care and Management Training Package Version 4.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has explored job opportunities in a minimum of two different animal care sectors, including:

- identified at least three sectors within animal care
- visited at least two animal care workplaces and identified the range of job functions and working and environmental conditions, including conduct and presentation standards
- developed a simple resume and job application.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- conditions of employment in a range of animal care sectors that address dress code, behaviour standards and workplace health and safety requirements, and animal welfare and ethics requirements
- general job responsibilities in a range of animal care sectors
- job roles and employment opportunities in a range of animal care sectors
- major animal care industry sectors and their functions
- resume and job application formats
- sources of information on animal care sectors, employment conditions and employment opportunities
- basic requirements for animal welfare and ethics.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - access to a range of different animal care workplaces
- resources, equipment and materials:
 - formats for resume and job applications
 - information about animal care workplace requirements
 - access to workers in animal care workplaces.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
