ACMSS00046 Assistance Dog Introduction Skill Set

Modification History

Release	Comments
Release 1	This version released with ACM Animal Care and Management Training Package Version 6.0.

Description

This skill set is designed to provide individuals with skills and knowledge to introduce an assistance dog to a handler.

Pathways Information

These units of competency provide credit towards *ACM40322 Certificate IV in Animal Behaviour and Training*. Given that this is an introductory skill set, its successful completion does not qualify a candidate to instruct assistance dog handlers.

Licensing/Regulatory Information

No licensing, legislative or certification requirements apply to this skill set at the time of publication.

Skill Set Requirements

- ACMADT301 Select appropriate equipment for an assistance dog and handler
- ACMADT401 Assess prospective handler's suitability for an assistance dog
- ACMADT402 Instruct handlers with disability to train assistance dogs

Target Group

This skill set is for individuals who are experienced dog trainers and play a role in introducing and training handlers of assistance dogs.

Suggested words for Statement of Attainment

These units of competency from *ACM Animal Care and Management Training Package* meet introductory industry requirements for assistance dog training.
