Assessment Requirements for AHCBAC102 Support agricultural crop work

Release: 1

Assessment Requirements for AHCBAC102 Support agricultural crop work

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 7.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has on at least one occasion, supported others in agricultural crop production and has:

- identified and prepared tools, materials and equipment according to instructions
- demonstrated crop support activities while handling materials and equipment safely
- maintained a clean and safe working environment and cleaned up after work activities
- followed workplace work health and safety, biosecurity and environmental procedures
- selected and checked personal protective equipment (PPE) and reported work performance to supervisor.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- work procedures for cropping work, including:
 - health and safety
 - biosecurity risk
 - environmental controls
- common materials, tools and equipment used for agricultural crop production work, including:
 - loading and unloading transport vehicles safely
 - safe handling of materials and equipment
- common agricultural cropping work activities and expected performance outcomes
- procedures for cleaning site following completion of work.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - skills must be demonstrated on a farm where cropping activities are performed or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - basic tools and equipment
 - materials and consumables
 - specific items of personal protective equipment
- specifications:
 - workplace procedures for work to be performed
 - manufacturer operating instructions for tools and equipment
 - workplace instructions
- relationships:
 - team member(s)
 - supervisor(s)
- timeframes:
 - according to timelines specified in supervisor instructions

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
