Assessment Requirements for AHCBEK204 Construct and repair beehives

Release: 1

Assessment Requirements for AHCBEK204 Construct and repair beehives

Modification History

Release	TP Version	Comment
1	AHCv1.0	Initial release

Performance Evidence

The candidate must be assessed on their ability to integrate and apply the performance requirements of this unit in a workplace setting. Performance must be demonstrated consistently over time and in a suitable range of contexts.

The candidate must provide evidence that they can:

- assemble construction materials and check that they present no risk of contamination to the environment or apiculture products
- select and use tools appropriate to the task
- construct and repair beehives
- mark beehives as they are constructed or repaired
- clean and maintain equipment after completion of work.

Knowledge Evidence

The candidate must demonstrate knowledge of:

- principles and practices of beehive construction and repair
- construction and health standards that have to be maintained for beehives in broad terms
- hive components and the materials required to construct or repair them.

Assessment Conditions

Assessors must satisfy current standards for RTOs.
