Application

This unit of competency describes the skills and knowledge required to manage risks in a range of contexts.

All work must be carried out to comply with organisational requirements, work health and safety legislation and codes, sustainability practices and in consultation with the management team.

The unit has been designed to be consistent with the applicable Australian Standard.

This unit applies to individuals who take personal responsibility for their own work and exercise autonomy in undertaking complex work. They must analyse information and exercise judgement to complete a range of advanced skilled activities. They must analyse, design and communicate solutions to a range of complex problems.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

Pre-requisite Unit

Nil.

Unit Sector

Business (BUS)

Assessment Requirements for AHCBUS608 Manage risk

Modification History

Release	TP Version	Comment
1	AHCv1.0	Initial release

Performance Evidence

The candidate must be assessed on their ability to integrate and apply the performance requirements of this unit in a workplace setting. Performance must be demonstrated consistently over time and in a suitable range of contexts.

The candidate must provide evidence that they can:

- determine the scope for risk management
- identify potential risks associated with climate, resource (natural, physical, financial and human) availability and capacity, enterprise production systems, theft and vandalism of assets, scientific and technological development, marketing, and external political and social factors
- implement strategies to minimise the impact of risk.

Knowledge Evidence

The candidate must demonstrate knowledge of:

- the wide range of risks faced by a primary production business
- legislation, codes of practice and national standards, including:
- duty of care
- company law
- contract law
- environmental law
- freedom of information
- industrial relations law
- privacy and confidentiality
- legislation relevant to organisation's operations
- legislation relevant to equal opportunity
- legislation relevant to operation as a business entity
- organisational policies and procedures, including:
- risk management strategy
- policies and procedures for risk management
- overall operations of organisation

- risk insurance and insurance providers.

Assessment Conditions

Competency is to be assessed in the workplace or simulated environment that accurately reflects performance in a real workplace setting.

Assessors must satisfy current standards for RTOs.
