Assessment Requirements for AHCDES404 Prepare simple landscape drawings

Release: 1

Assessment Requirements for AHCDES404 Prepare simple landscape drawings

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 7.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has prepared simple landscape drawings on at least one occasion and has:

- identified and confirmed scope of drafting works
- interpreted site surveys and architectural drawings
- produced two and three-dimensional and sectional drawings appropriate to the job being undertaken
- applied standard landscape drawing conventions to produce clear and accurate drawings, including:
 - annotation styles
 - drawing types
 - key features
 - drawing tools and equipment
- applied numeracy skills to calculate and record scales, dimensions, measurements and symbols
- processed completed drawings according to workplace requirements.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- standard landscape drawing conventions, principles and practices, including:
 - annotation styles
 - types of drawings, including; orthographic drawings, site analysis plans, concept plans, plan view, and elevation drawings
 - key features, including: levels and variations, gates, lighting, power and water supplies, services, walls, existing vegetation, existing structures and footings

- hardware, software, tools and equipment used for preparing simple landscape drawings.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - a workplace setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - site surveys, architectural drawings and statutory information applicable to producing simple landscape drawings
 - drawing tools and equipment
- specifications:
 - calculation and drawing requirements applicable to producing simple landscape drawings
- timeframes:
 - according to job requirements.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
