Assessment Requirements for AHCDRG304 Maintain and repair irrigation drainage systems

Release: 1

Assessment Requirements for AHCDRG304 Maintain and repair irrigation drainage systems

Modification History

Release	TP Version	Comment
1	AHCv1.0	Initial release

Performance Evidence

The candidate must be assessed on their ability to integrate and apply the performance requirements of this unit in a workplace setting. Performance must be demonstrated consistently over time and in a suitable range of contexts.

The candidate must provide evidence that they can:

- isolate appliances, fixtures, fittings and related assemblies
- gain access and carry out repairs
- level and align the site
- repair or remove blockages
- use manual and mechanical drain clearing equipment

Knowledge Evidence

The candidate must demonstrate knowledge of:

- principles and practices for maintaining drainage systems
 - components used in irrigation drainage systems
 - environmental impacts of drainage systems
 - isolation processes and procedures
 - levelling and alignment processes
 - types and operational parameters of irrigation drains

Assessment Conditions

Assessors must satisfy current standards for RTOs.
