Assessment Requirements for AHCLPW602 Coordinate the preparation of a regional resource management plan

Release: 1

Assessment Requirements for AHCLPW602 Coordinate the preparation of a regional resource management plan

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 6.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has, on at least one occasion, coordinated the development of a regional resource management plan.

There must also be evidence that the individual has:

- reviewed existing planning documents and sources of information required for regional planning
- identified land management issues and potential solutions
- identified stakeholders from diverse interest groups, formed consultative groups and elicited input for planning
- organised the collection and analysis of data to inform planning and monitor progress
- worked with stakeholders and technical advisers to develop goals and performance criteria
- developed a draft plan for widespread consultation and feedback, which must include goals, strategies and outcomes that reflect consultation and technical advice
- compiled feedback and amended plan to reflect recommended changes
- finalised the regional resource management plan according to workplace standards.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- regional and rural planning concepts from town planning, rural industry planning, and natural resource planning perspectives
- impact of government processes and industry activities in social and economic terms
- consultative groups and techniques that take into consideration cross-cultural and cultural factors, including:
 - special interest groups
 - Indigenous and cultural

- commercial
- recreational
- social
- local government operations that affect the regional resource management plan
- natural resource management and issues
- sources of technical advice.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - skills must be demonstrated in an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - computers and word processing and data management software
 - communications and consultation facilities for working groups
- specifications:
 - workplace policies, procedures, processes and style guides for regional plan development
 - legislation and regulations relevant to regional resources to be managed
- relationships:
 - stakeholders from a diverse range of interest groups.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
