Assessment Requirements for AHCLSC206 Assist with landscape construction work

Release: 1

Assessment Requirements for AHCLSC206 Assist with landscape construction work

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 7.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has assisted with landscape construction work on at least two occasions, and has:

- undertaken landscape work as directed
- prepared and used materials, tools and equipment for landscape construction work as directed
- applied workplace health and safety requirements, including fitted and used personal protective equipment (PPE)
- applied workplace policies and procedures relevant to assisting with landscape construction work
- assisted with clean up on completion of landscape work and disposed of waste
- reported landscape construction work and unserviceable tools and equipment.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- principles and practices of landscape construction work, including:
 - basic landscape construction techniques
 - landscaping tools and equipment
- workplace requirements applicable to health and safety in the workplace for assisting in landscape construction work, including appropriate use of PPE
- workplace policies and procedures relevant to assisting with landscape construction work.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - a workplace setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - work instructions and workplace policies and procedures applicable to assisting with landscape construction work
 - materials, tools, equipment and machinery applicable to landscape construction work
 - PPE applicable to landscape construction work
- relationships:
 - supervisor, staff and customers
- timeframes:
 - according to job requirements.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
