Assessment Requirements for AHCLSC209

Lay paving

Release: 1

Assessment Requirements for AHCLSC209 Lay paving

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 7.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has laid two different paving patterns on at least two occasions and has:

- prepared the site for paving
- read, interpreted and applied information from a site plan
- applied workplace health and safety requirements, including fitted and used personal protective equipment (PPE)
- laid bedding material
- laid and cut in pavers to pattern
- used different edge restraints
- cleaned up the site and disposed of waste
- reported paving operations and unserviceable tools and equipment.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- principles and practices of paving, including:
 - terminology for types of base and bedding material, edge restraints and their function
 - types of pavers
 - paving patterns, styles and methods
 - potential environmental impact of a paving project
 - types of signs and barriers that need to be erected around the site
 - methods of disposing of soil and waste materials
- workplace requirements applicable to health and safety in the workplace for laying pavers including appropriate use of PPE.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - a workplace setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - work instructions applicable to laying pavers
 - materials, tools and equipment applicable to laying pavers
 - PPE applicable to laying pavers
- specifications:
 - workplace requirements applicable to health and safety in the workplace and laying pavers
 - site plan
- relationships:
 - supervisor
- timeframes:
 - according to job requirements.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
