Assessment Requirements for AHCLSC301 Set out site for construction works

Release: 1

Assessment Requirements for AHCLSC301 Set out site for construction works

Modification History

Release Number	TP Version	Comments
1	AHCv1.0	Initial release

Performance Evidence

The candidate must be assessed on their ability to integrate and apply the performance requirements of this unit in a workplace setting. Performance must be demonstrated consistently over time and in a suitable range of contexts.

The candidate must provide evidence that they can:

- interpret site plans and specifications
- use mathematical and geometrical principles to mark out a site for construction work
- use a range of surveying instruments
- establish datum points and survey benchmarks on site
- take and verify site levels

Knowledge Evidence

The candidate must demonstrate knowledge of:

- principles and practices of site set out for landscape works
- how other plans may be referred to in assisting setting out a site
- how to determine if other plans may be referred when setting out a site

Assessment Conditions

Assessors must satisfy current standards for RTOs.
