Assessment Requirements for AHCLSC315 Implement an outdoor tiling project

Release: 1

Assessment Requirements for AHCLSC315 Implement an outdoor tiling project

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 7.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has implemented a tiling project on at least one occasion and has:

- interpreted site plans and specifications
- applied workplace health and safety requirements, including fitted and used personal protective equipment (PPE)
- selected, used and maintained tools and equipment required for implementing a tiling project
- calculated material and resource requirements
- used tiling set out techniques
- applied tiling patterns and templating methods
- checked quality of work and cleaned up site
- cleaned up, stored and maintained tools and equipment
- reported unserviceable tools and equipment.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- principles and practices of tiling, including:
 - Australian standards relevant to outdoor tiling
 - environmental impacts applicable to outdoor tiling projects
 - tiling tools and equipment
 - tiling materials, including tiles, adhesives, mortar, grouting and substrates, their qualities, characteristics, preparation, applications, limitations and finishing
 - techniques for setting out and fixing tiles to outdoor surfaces
 - tiling set out techniques

- tiling patterns and templating methods
- workplace requirements applicable to health and safety in the workplace for implementing a tiling project, including appropriate use of PPE.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - a workplace setting or an environment that accurately represent workplace conditions
- resources, equipment and materials:
 - workplace procedures applicable to implementing a tiling project
 - materials, tools and equipment applicable to implementing a tiling project
 - tiles
 - PPE applicable to implementing a tiling project
- specifications:
 - workplace requirements applicable to health and safety in the workplace for implementing a tiling project
 - site plans and specifications applicable to implementing a tiling project
 - Australian standards applicable to outdoor tiling project
- timeframes:
 - according to job requirements.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
