Assessment Requirements for AHCLSK103 Support livestock work

Release: 1

Assessment Requirements for AHCLSK103 Support livestock work

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Release 11.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has supported livestock work on at least two occasions, and has:

- prepared tools, equipment and machinery
- applied safe work practices in livestock work, including fitted and used personal protective equipment (PPE)
- handled materials, equipment and machinery
- followed supervisor instructions and directions
- used good stock handling techniques
- used livestock handling tools and equipment
- assisted in monitoring livestock health and welfare
- followed workplace animal welfare and sustainability practices
- cleaned up and reported work outcomes and faulty, worn or damaged tools, equipment and machinery.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- principles of livestock work, including:
 - materials, tools, equipment and machinery used in livestock work
 - good stock handling techniques and animal welfare requirements
 - biological hazards and hygiene practices, including zoonoses and general infection control
 - sustainable practices
 - safe manual handling techniques for loading and unloading materials and equipment
 - handling and transportation of materials, equipment and machinery

- safe work practices used in livestock work, including use, maintenance and storage of PPE.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - a workplace setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - work instructions and workplace procedures applicable to supporting livestock work
 - materials, tools, equipment and machinery applicable to supporting livestock work
 - PPE applicable to supporting livestock work
 - livestock
- relationships:
 - supervisor, staff and customers
- time frames:
 - according to job requirements.

Assessment of this unit must be conducted on live animals.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
