Assessment Requirements for AHCLSK233 Clean and maintain livestock pens

Release: 1

Assessment Requirements for AHCLSK233 Clean and maintain livestock pens

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Release 11.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has cleaned and maintained livestock pens on at least two occasions, and has:

- followed relevant workplace health and safety and environment and biosecurity legislation, regulations and workplace procedures
- made appropriate preparations for cleaning livestock pens
- cleaned and maintained pens
- completed cleaning and maintenance operation
- completed records.

Knowledge Evidence

An individual must be able to demonstrate knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- workplace requirements applicable to health and safety in the workplace for cleaning and maintaining livestock pens, including appropriate use of personal protective equipment (PPE)
- environment and biosecurity legislation and regulations and workplace practices relevant to cleaning and maintaining livestock pens
- principles and practices for cleaning and maintaining livestock pens, including:
 - requirements and methods of cleaning livestock pens
 - environmental and biosecurity impacts of pen cleaning operation, and measures to mitigate these impacts
 - cleaning tools, equipment and machinery operation and storage
 - environmental and biosecurity impacts and methods of disposal of effluent, bio-waste and waste generated by the cleaning operation
 - cleaning and maintenance of feeding and watering troughs or similar equipment

- types of documentation and records that need to be completed after the cleaning operations.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - a workplace setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - work instructions and workplace procedures applicable to cleaning and maintaining livestock pens
 - facilities, materials and equipment applicable to cleaning and maintaining livestock pens
 - PPE applicable to cleaning and maintaining livestock pens
- specifications:
 - workplace requirements applicable to health and safety in the workplace for cleaning and maintaining livestock pens
 - environment and biosecurity legislation and regulations and workplace practices applicable to cleaning and maintaining livestock pens
- relationships:
 - supervisor
- time frames:
 - according to job requirements.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
