Assessment Requirements for AHCLSK356 Exhibit livestock

Release: 1

Assessment Requirements for AHCLSK356 Exhibit livestock

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Release 11.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has exhibited livestock on at least two occasions, and has:

- applied relevant workplace health and safety legislation, regulations and workplace procedures
- applied relevant animal welfare practices
- selected livestock for exhibition
- prepared animals for exhibition
- presented livestock to best advantage
- promoted the product to clients and pursued sales opportunities
- communicated with staff during preparations, and exhibit officials and potential customers
- identified potential exhibits against selection criteria to accurately select livestock or fleeces
- trained animals to be led and presented in competition
- organised entries, resources and facilities for showing
- arranged and prepared for transport.

Knowledge Evidence

An individual must be able to demonstrate knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- workplace requirements applicable to health and safety in the workplace for exhibiting livestock
- principles and practices for exhibiting livestock, including:
 - criteria for competition judging
 - preparation procedures
 - requirements for entry of competitors
 - transportation requirements

- feeding and nutrition requirements
- communication and supervision techniques
- observation methods
- livestock and fleece exhibitions, and animal transportation requirements
- animal welfare practices and good stock handling techniques
- workplace and industry policies and codes of practice with regard to livestock exhibitions, sales, livestock transportation, and recording and reporting requirements.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - a workplace setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - work instructions and workplace procedures applicable to exhibiting livestock
 - livestock exhibit documentation and requirements
 - livestock suitable for exhibiting
 - materials and equipment applicable to exhibiting livestock
- specifications:
 - workplace requirements applicable to health and safety in the workplace for exhibiting livestock
 - legislation, regulations, standards, guidelines and procedures for animal welfare applicable to exhibiting livestock
- relationships:
 - staff
- time frames:
 - according to job requirements.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
