Assessment Requirements for AHCLSK368 Comply with industry animal welfare requirements

Release: 1

Assessment Requirements for AHCLSK368 Comply with industry animal welfare requirements

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Release 11.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has complied with industry animal welfare requirements on at least two occasions, and has:

- determined and identified animal welfare requirements of relevant legislation, regulations, standards, guidelines and workplace procedures
- complied with animal welfare requirements by carrying out workplace procedures, reporting non-compliance, taking appropriate corrective actions and completing record keeping
- participated in workplace animal welfare processes by reporting animal welfare issues and taking part in animal welfare induction, training and programs.

Knowledge Evidence

An individual must be able to demonstrate knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- animal welfare legislation, regulations, standards and guidelines, including basic requirements for ensuring the welfare of livestock
- workplace or industry animal welfare procedures and animal emergency procedures
- workplace or industry procedures for reporting and recording animal welfare concerns, non-compliance and malpractice in the workplace.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - a workplace setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:

- work instructions and workplace procedures applicable to complying with industry animal welfare requirements
- specifications:
 - workplace requirements applicable to health and safety in the workplace for complying with industry animal welfare requirements
 - legislation, regulations, standards, guidelines and procedures for complying with industry animal welfare requirements
- relationships:
 - supervisor or management
- time frames:
 - according to job requirements.

Assessment of this unit must be conducted on live animals.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
