Application

This unit of competency describes the skills and knowledge required to provide information on fertilisers and soil ameliorants.

All work must be carried out to comply with workplace procedures, work health and safety legislation and codes, and sustainability practices.

This unit applies to employees in a sales role in an agricultural or horticultural support enterprise who provide information on fertilisers, soil ameliorants and related environmental information to primary producers

This unit applies to individuals who take responsibility for their own work and provide and communicate solutions to a range of predictable and sometimes unpredictable problems.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication.

Pre-requisite Unit

Nil.

Unit Sector

Merchandising and Sales (MER)

Elements and Performance Criteria
