Application

This unit of competency describes the skills and knowledge required to review existing sales plans, and develop, implement and review a sales strategy for rural products.

The unit applies to individuals who apply specialised skills and knowledge to the development of a sales strategy for rural products, and take personal responsibility and exercise autonomy in undertaking complex work. They analyse and synthesise information, and analyse, design and communicate solutions to sometimes complex problems.

All work is carried out to comply with workplace procedures, health and safety in the workplace requirements, legislative and regulatory requirements, and sustainability and biosecurity practices.

No licensing, legislative or certification requirements apply to this unit at the time of publication.
