Assessment Requirements for AHCNAR101 Support natural area conservation

Release: 1

Assessment Requirements for AHCNAR101 Support natural area conservation

Modification History

Release	TP Version	Comment
1	AHCv1.0	Initial release

Performance Evidence

The candidate must be assessed on their ability to integrate and apply the performance requirements of this unit in a workplace setting. Performance must be demonstrated consistently over time and in a suitable range of contexts.

The candidate must provide evidence that they can:

- prepare tools and equipment according to organisational requirements
- provide support for natural area conservation work
- stockpile waste materials for removal according to organisational requirements
- clean up site, tools and equipment
- conduct all work according to work health and safety and organisational requirements
- apply biosecurity measures in the context of own work
- apply appropriate sustainability practices in the context of own work

Knowledge Evidence

The candidate must demonstrate knowledge of:

- tools and equipment used in conservation work
- revegetation techniques including planting, direct seeding, assisted natural regeneration and protection of remnant vegetation
- personal protective equipment required for conservation work
- biosecurity measures and sustainability practices required for own work

Assessment Conditions

Assessors must satisfy current standards for assessment.
