Assessment Requirements for AHCNSY312

Prepare specialised plants

Release: 1

Assessment Requirements for AHCNSY312 Prepare specialised plants

Modification History

Release	Comments
Release1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 6.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has prepared specialised plants on at least three occasions, and has:

- implemented plant treatments and techniques
- applied workplace production and marketing plan requirements
- applied workplace health and safety requirements, including the use of appropriate personal protective equipment (PPE)
- organised and coordinated materials and equipment
- met quality standards for plant health and aesthetic appearance.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- the principles and practices of specialised plant preparation, including:
 - aftercare requirements of treated plants
 - characteristics of a range of potted plants commonly treated for special aesthetic purposes
 - different treatments and techniques that are applied to plants to achieve desired aesthetic appearance
 - optimum timing of treatments
- workplace production and marketing plan objectives
- workplace requirements applicable to health and safety in the workplace for preparing specialised plants.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - a workplace setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - specialised plants
 - specialised plant preparation materials, tools and equipment
 - PPE applicable to preparing specialised plants
- specifications:
 - workplace requirements applicable to health and safety in the workplace for preparing specialised plants
 - workplace production and marketing plan
- relationships:
 - customers and supervisor
- timeframes:
 - according to job requirements.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
