Assessment Requirements for AHCOCM503 Manage restoration of cultural places

Release: 1

Assessment Requirements for AHCOCM503 Manage restoration of cultural places

Modification History

Release	Comments
Release 1	This version released with Agriculture, Horticulture and Conservation and Land Management Training Package Version 9.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has managed the restoration of a cultural place on at least one occasion and has:

- incorporated the prior assessment of significance into an operational plan
- researched traditional building techniques to carry out repairs and maintenance
- sought permissions from local Aboriginal and/or Torres Strait Islander Communities or Cultural Authorities where required
- sought expert advice to meet special building and conservation requirements from the plan of management
- maintained the cultural and environmental integrity of the site and surrounds during and on completion of building
- supervised the work of others to ensure compliance with restoration plan and requirements
- applied work health and safety practices in the context of own work and the work of others
- applied environmentally sustainable practices in maintenance and restoration works.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- key concepts of the Burra Charter, heritage and building acts, and other relevant legislation
- conservation architecture techniques applicable to the restoration of cultural places
- interpretation of archaeological reports or assessments of Aboriginal and/or Torres Strait Islander cultural sites and artefacts
- traditional and current building practices
- project management processes, including:

- communicating with stakeholders
- scoping
- establishing timelines
- budgetary requirements
- supervising work
- finalising and report writing
- environmentally sustainable work practices used for restoration works
- building or maintenance requirements and specifications
- work health and safety requirements and risk management practices relevant to the restoration of cultural places.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - skills must be demonstrated on Country and/or within an Aboriginal and/or Torres Strait Islander Community or an environment that accurately represents workplace conditions
- specifications:
 - specific legislation/codes of practice relevant to the restoration of cultural places
- relationships:
 - local Community Elders and/or Custodians.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards. In addition, the following specific assessor requirements apply to this unit:

- Assessment must be undertaken by a workplace assessor who has expertise in this unit of competency and who is:

an Aboriginal and/or Torres Strait Islander Elder and/or Custodian or:

- accompanied by, and/or in communication with, an Aboriginal and/or Torres Strait Islander person who is a recognised member of the community with experience and knowledge of local cultural protocols.
