Assessment Requirements for AHCORG102 Support organic production

Release: 1

Assessment Requirements for AHCORG102 Support organic production

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 9.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has on at least one daily work routine supported organic production and has:

- applied principles of organic agriculture to work activities as directed
- interpreted and followed supervisor instructions
- followed work health and safety procedures
- reported variations from required standards or procedures to supervisor
- conducted organic production work according to workplace biosecurity protocols.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- principles of organic production, including:
 - organic procedures and recording requirements
- biosecurity protocols, including:
 - quarantine
 - workplace hygiene practices
 - movement of materials
- code of conduct, including:
 - respect
 - harassment and discrimination
 - positive and productive attitude
- safe work practices relevant to the tasks being undertaken, including:
 - safe use of tools and equipment
 - food safety requirements

- work health and safety and environmental protection procedures.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - skills must be demonstrated on a property producing organic products or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - tools and equipment used for organic production
 - personal protective equipment
 - consumables and materials
 - hygiene and cleaning resources
- specifications:
 - workplace procedures and processes
 - workplace instructions
- relationships:
 - team members
 - supervisor
 - customers
- timeframes:
 - according to time specified in instructions.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
