Assessment Requirements for AHCORG507 Develop an organic or biodynamic management plan

Release: 1

Assessment Requirements for AHCORG507 Develop an organic or biodynamic management plan

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 4.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit. There must be evidence that the individual has developed two biodynamic or organic management plans on at least two different occasions and has:

- identified and developed required components of an organic management plan (OMP) or biodynamic management plan (BMP) for a property
- identified and used interrelationships between soil, plant, animal health and environmental management and farming system's resilience when developing plan
- identified options for prevention and treatment of risks
- applied appropriate regional catchment targets
- documented the plan in compliance with certification standard requirements.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- principles of organic agriculture, especially fundamental role of soil health
- principles of sustainable production
- requirements and components of an OMP and BMP
- organic and biodynamic certification standard requirements.

Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
 - a workplace setting or an environment that accurately represent workplace conditions
- resources, equipment and materials:
 - industry publications relevant to OMP or BMP
 - OMP or BMP certifier information

- map of property
- farm production area soil fertility assessment
- specifications:
 - National Standard for Organic and Biodynamic Produce or agro-ecological principles
- relationships:
 - work colleagues
- timeframes:
 - according to the job requirements.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
