Application

This unit of competency describes the skills and knowledge required to support resource conservation practices in a permaculture system under supervision, including preparing materials, tools and equipment for resource conservation, undertaking resource conservation activities, storing and stockpiling materials, and cleaning up on completion of work.

This unit applies to individuals who work alongside a supervisor in most situations and exercise limited autonomy within established and well known parameters. They identify and seek help with simple problems.

No occupational licensing, legislative or certification requirements are known to apply to this unit at the time of publication

Pre-requisite Unit

Nil.

Unit Sector

Permaculture (PER)

Elements and Performance Criteria

Element	Performance criteria
Elements describe the essential outcomes.	Performance criteria describe the performance needed to demonstrate achievement of the element.
1. Prepare materials, tools and equipment for resource conservation	1.1 Identify and check the required materials, tools and equipment and prepare according to lists provided and/or supervisor's instructions 1.2 Adopt work practices which maximise productivity and time efficiency and minimise waste and resource use 1.3 Follow instructions and directions provided by supervisor and seek clarification when necessary

Element	Performance criteria
2. Undertake resource conservation practices as directed	2.1 Gather information on resource conservation in a permaculture system 2.2 Carry out resource conservation work in a safe and environmentally appropriate manner 2.3 Observe workplace policy and procedures in relation to workplace practice, handling, re-use and disposal of materials 2.4 Report problems or difficulties in completing work to required standards or timelines
3. Store and stockpile materials	3.1 Store all usable and re-usable materials in a designated area 3.2 Prepare and process all usable and re-usable materials
4. Clean up on completion of resource conservation work	4.1 Clean, maintain and store tools and equipment 4.2 Maintain a clean and safe work site while completing resource conservation activities 4.3 Complete any reporting requirements at the end of the job

Foundation Skills

Foundation Skills essential to performance are explicit in the performance criteria of this unit of competency.

Range of Conditions
