Assessment Requirements for AHCPGD208 Prepare and maintain plant displays

Release: 1

Assessment Requirements for AHCPGD208 Prepare and maintain plant displays

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 7.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has prepared one plant display and maintained the plant display on at least three occasions and has:

- prepared plant display site
- applied workplace health and safety requirements, including fitted and used personal protective equipment (PPE)
- prepared, used and maintained tools, equipment, material and machinery for preparation of plant displays
- interpreted planting plans
- applied fertilisers, control measures and water to maintain plant health and appearance
- cleaned up the site and disposed of or recycled waste
- reported plant display preparation and maintenance operations and unserviceable tools and equipment
- maintained plant display appearance, including mulching, weeding, dead heading and shaping, and replacing plants.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- principles and practices of plant display maintenance, including:
 - common problems occurring with display plants
 - maintenance techniques for annuals and perennial plants
 - planting techniques for annual bed displays
 - remedial action required for display plants displaying health problems
 - methods of disposing of waste to minimise damage to the environment

- workplace requirements applicable to health and safety in the workplace for preparing and maintaining plant displays, including appropriate use of PPE.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - a workplace setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - materials, tools and equipment applicable to preparing and maintaining plant displays
 - plants
 - PPE applicable to preparing and maintaining plant displays
- specifications:
 - workplace requirements applicable to health and safety in the workplace and preparing and maintaining plant displays
 - planting plan
- relationships:
 - supervisor
- timeframes:
 - according to job requirements.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
