Assessment Requirements for AHCPHT102 Support horticultural production

Release: 1

Assessment Requirements for AHCPHT102 Support horticultural production

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 6.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has supported horticultural production work on at least two occasions, and has:

- prepared materials, tools and equipment for horticultural production work
- applied safe work practices
- undertaken routine horticultural production work as directed, including the safe use and operation of farm tools and equipment
- cleaned up and disposed of waste material on completion of work, consistent with environmental and workplace requirements.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- principles and practices for supporting production of horticultural crops:
 - planting, picking, packing, loading and transporting techniques support work
 - safe work practices used in horticultural production work
 - use of horticultural tools and equipment, including the safe use and operation of farm tools and equipment
- workplace health and safety requirements and environmental protection legislation applicable to supporting horticultural production.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:

- a workplace setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - work instructions and workplace procedures applicable to supporting horticultural production work
 - horticultural production materials, tools and equipment
 - personal protective equipment applicable to supporting horticultural production work
- relationships:
 - supervisor, staff and customers
- timeframes:
 - according to job requirements.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
