Assessment Requirements for AHCPHT204 Undertake field budding and grafting

Release: 1

Assessment Requirements for AHCPHT204 Undertake field budding and grafting

Modification History

Release	TP Version	Comment
1	AHCv1.0	Initial release

Performance Evidence

The candidate must be assessed on their ability to integrate and apply the performance requirements of this unit in a workplace setting. Performance must be demonstrated consistently over time and in a suitable range of contexts.

The candidate must provide evidence that they can:

- select and prepare stock for budding and grafting
- demonstrate a range of budding and grafting techniques
- maintain labels and records of the budding and grafting operation
- store unused grafting material
- treat plants after budding/grafting

Knowledge Evidence

The candidate must demonstrate knowledge of:

- principles and practices for field budding and grafting
 - cleaning requirements of work area and equipment
 - common problems and corrective action required
 - environmental issues and controls
 - importance of selection and use of rootstock
 - maintenance requirements of equipment
 - operation, components and purpose of budding/grafting and equipment
 - plant features and processes relevant to budding and grafting
 - procedures and responsibilities for reporting problem
 - recording requirements and procedures
 - root stocks and scion stock
 - stages of the budding/grafting procedure and their purpose

Assessment Conditions

Assessors must satisfy current standards for RTOs.
