| Release 1 | This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 4.0. |

## Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has manually pollinated a crop on at least two occasions and has:

- selected, positioned, used and maintained manual pollination tools and equipment
- minimised environmental impacts associated with manual pollination of crops
- followed industry and workplace biosecurity procedures
- applied workplace health and safety requirements
- applied manual pollination equipment operating instructions
- used appropriate crop manual pollination technique.

## Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- manual pollination:
  - purpose
  - optimum flowering and pollination conditions
  - techniques
  - tools and equipment
- environmental impacts associated with manual pollination of crops
- industry and workplace biosecurity procedures
- workplace requirements applicable to health and safety in the workplace for manual pollination of crops
- manual pollination equipment operating instructions.

## Assessment Conditions

Assessment of skills must take place under the following conditions:

- physical conditions:
  - a workplace setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:
  - manual pollination tools and equipment
  - personal protective equipment applicable to manual pollination
- specifications:
  - manual pollination equipment operating instructions
  - workplace requirements applicable to health and safety in the workplace and manual pollination of crops
  - industry and workplace biosecurity procedures applicable to manual pollination of crops
- relationships:
  - supervisor
- timeframes:
  - according to job requirements.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
