Assessment Requirements for AHCPHT219 Handle and move mushroom boxes

Release: 1

Assessment Requirements for AHCPHT219 Handle and move mushroom boxes

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 6.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has handled and moved mushroom boxes on at least three occasions, and has:

- selected, assembled, positioned and maintained mushroom box handling and moving materials, trolleys, tools and equipment
- applied workplace health and safety requirements
- carried out an inventory of mushroom boxes
- estimated and supplied quantities of empty boxes to mushroom pickers in a number of picking rooms
- minimised environmental impacts associated with handling and moving mushroom boxes
- followed industry and workplace biosecurity procedures
- estimated rate of packing for collection
- collected filled boxes to ensure continued smooth flow of picking and packing work
- recorded cool room air and mushroom pulp temperatures
- reported temperature variations and anomalies, and taken remedial action
- completed daily work records and reported work outcomes and unserviceable trolleys, tools and equipment.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- principles and practices for handling and moving mushroom boxes, including:
 - collection and packing procedures
 - quality requirements
 - safe manual handling techniques
 - storage requirements for mushrooms

- workplace requirements applicable to health and safety in the workplace for handling and moving mushroom boxes
- environmental impacts associated with handling and moving mushroom boxes
- industry and workplace biosecurity procedures.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - a workplace setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - mushroom box handling and moving materials, trolleys, tools and equipment
 - mushroom boxes
 - thermometer
- specifications:
 - workplace requirements applicable to health and safety in the workplace for handling and moving mushroom boxes
 - industry and workplace biosecurity procedures applicable to handling and moving mushroom boxes
- relationships:
 - supervisor
- timeframes:
 - according to job requirements.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
