Assessment Requirements for AHCPHT222 Produce trellis dried grapes

Release: 1

Assessment Requirements for AHCPHT222 Produce trellis dried grapes

Modification History

Release	Comments
Release 1	This version released with AHC Agriculture, Horticulture and Conservation and Land Management Training Package Version 6.0.

Performance Evidence

An individual demonstrating competency must satisfy all of the elements and performance criteria in this unit.

There must be evidence that the individual has produced trellis dried grapes on at least one occasion, and has:

- summer pruned vines according to workplace requirements
- identified parts of the vine
- selected, used and maintained trellised grape harvesting and drying tools, equipment and machinery
- applied workplace health and safety requirements
- carried out post-harvest drying
- reported harvest and post-harvest activities, and unserviceable tools, equipment and machinery.

Knowledge Evidence

An individual must be able to demonstrate the knowledge required to perform the tasks outlined in the elements and performance criteria of this unit. This includes knowledge of:

- principles and practices for producing trellis dried grapes, including:
 - crown and cordon bunch picking or removal requirements and procedures
 - environmental impact issues
 - hazard identification and control
 - processor quality standards and requirements
 - summer pruning requirements and procedures
 - year-round preparation required for trellis drying
- workplace requirements applicable to health and safety in the workplace for producing trellis dried grapes.

Assessment Conditions

Assessment of the skills in this unit of competency must take place under the following conditions:

- physical conditions:
 - a workplace setting or an environment that accurately represents workplace conditions
- resources, equipment and materials:
 - trellis dried grape crops
 - crop harvesting and drying tools, equipment and machinery
 - personal protective equipment applicable to producing trellis dried grapes
- specifications:
 - workplace requirements applicable to health and safety in the workplace and producing trellis dried grapes
 - work instructions and workplace procedures applicable to producing trellis dried grapes
- relationships:
 - supervisors
- timeframes:
 - according to job requirements.

Assessors of this unit must satisfy the requirements for assessors in applicable vocational education and training legislation, frameworks and/or standards.
